THE OLD JUDGE SAYS.

"Just one more question before you go, Judge. What is this thing called propaganda you hear so much talk about these days?"

"I'll give you an example, Hank. Last night I was reading an interesting little book called 'Hitler is a Fool'. It told how Hitler would very much like to see Americans fighting among themselves over prohibition because that would create dissension, waste the time of Congress and legislators in wet-dry arguments and cripple our war effort. It

also mentioned a booklet written about Hitler's government telling how Hitler's gang wants to maintain contact with foreign temperance organizations and how it contributes annually to an international temperance union.

"You can bet Hitler isn't interested in seeing prohibition advanced in our country for any reason except that he knows it's a good way to stir up trouble. That's what they mean by propaganda, Hank."
